

NATURAL DISASTER AWARENESS FOR COMMUNITY LEADERS: AWR-310

This 4-hour course will also provide community leaders with an understanding of the necessary plans and tools needed in planning for natural disasters, and will help them to better understand and identify personnel best equipped to address response and recovery requirements in the case of an actual disaster. This course will assist community leaders to identify and define the roles and responsibilities they may be expected to assume in the event of a natural disaster given their leadership positions, as well as those of the first responders and support personnel in the response and recovery phase.
